**Kenosha Streetcar is owned and operated by the City of Kenosha.**

From 1903 to 1932, electric rail was a regular mode of transportation in Kenosha. On June 17th 2000, Kenosha welcomed home these quiet, pollution free vehicles to its beautiful lakefront. Kenosha's streetcars are authentic 1951 President's Conference Committee (PCC) cars. The current seven-car fleet formerly operated in Toronto, Ontario and Philadelphia, PA, before being refurbished and relocated to Kenosha. The current streetcars provide mobility to residents and tourists alike along its two mile route. Whether it's a convenient ride to work or a scenic tour of the Lake Michigan shoreline, our streetcars will have you yearning for the days of yesteryear.
